Administration Office  
One Poppy Place, Floral Park, NY 11001

**Juli Mulcahy, Ed.D.**  
Assistant Superintendent for  
Curriculum and Special Services

December 3, 2020

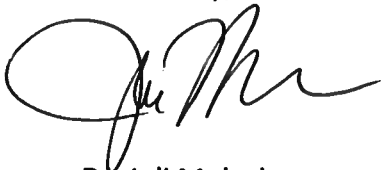

Dear Parents,

With the climbing numbers of positive COVID-19 cases and those students who must quarantine, the District has been preparing our teachers to “livestream.” At this point, we are working collaboratively with our technology department, technology coaches, teachers and administrators to prepare for this new programming. “Livestreaming” into an in-person class with a quarantined student or students is different than Zooming with an entire class. The coordination of combined “in-person” teaching and “remote teaching” is complex for our young learners, as well as our teachers. As of November 30, 2020, the District began “livestreaming” ELA and Math mini lessons for students who meet the following criteria:

- Quarantined by doctors’ orders
- Quarantined by the DOH
- Quarantined due to necessary travel and following all new travel guidelines

All other assignments will be posted on the student’s platform (SeeSaw or Google Classroom). If your child is absent due to other illnesses, or you are voluntarily keeping them home for personal reasons, the teachers will be sending work home or posting to their platform as they have done in the past. If your child must quarantine, please contact your school nurse. If you have any questions regarding “livestreaming,” contact your building principal. Thank you as always for your continued support of our District.

Yours truly,

Dr. Juli Mulcahy  
Assistant Superintendent for Curriculum & Special Services
