

Floral Park-Bellerose SD Response  
to Digital Equity

**Internet Connectivity:**

The FPBSD (K-6) recently gathered data and asked teachers and families to identify their level of access to devices and high-speed broadband from their residence. Respondents indicated that 95% of families have sufficient internet access.

A district staff member will reach out to families who indicated on the survey as requiring internet access at home. The district will purchase T-Mobile Wi-Fi hotspots for those families. The district will continue to assess the ongoing needs of our families for technology and connectivity (survey, interviews, school outreach, etc.)

**Device Access:**

The District currently has a one-to-one program in grades 3-6 and will be providing an iPad to all students in grades K-2, ensuring that every student in the district will have a device to use at home as needed.
